

COME AND DRINK IT

RED BLEND

LUSH AND SMOOTH, WITH A HINT OF OAK

Carrying the same winemaking approach as our White and Rosé wines, our Red Blend was made ready to drink! We didn't want to make a red wine full of sugar and tannins to sit around and chew on, we want to drink it. Whether paired with a meal or better yet, sitting around the fire with friends and enjoying some tunes, our Red Blend drinks easy, with lush dark red fruit, balanced acidity and a hint of oak.

WINEMAKER'S TASTING NOTES:

Garnet red colors with light red edges, immediate notes of black cherry and toasted vanilla oak come to the nose. Subtle cherry and cassis opening up to secondary darker fruits delivered on velvety tannins in the mid palate. Hints of baking spice and mocha underline with soft red fruits and light tannins makes this really easy to drink. Something for everyone here, like S'more's covered in raspberry compote
